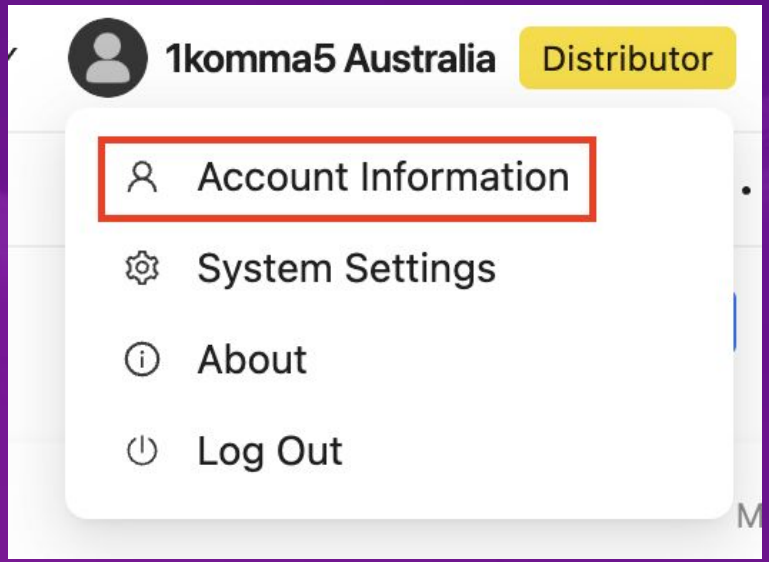
PV Hub Multiple User Guide

1KOMMA5° AUSTRALIA

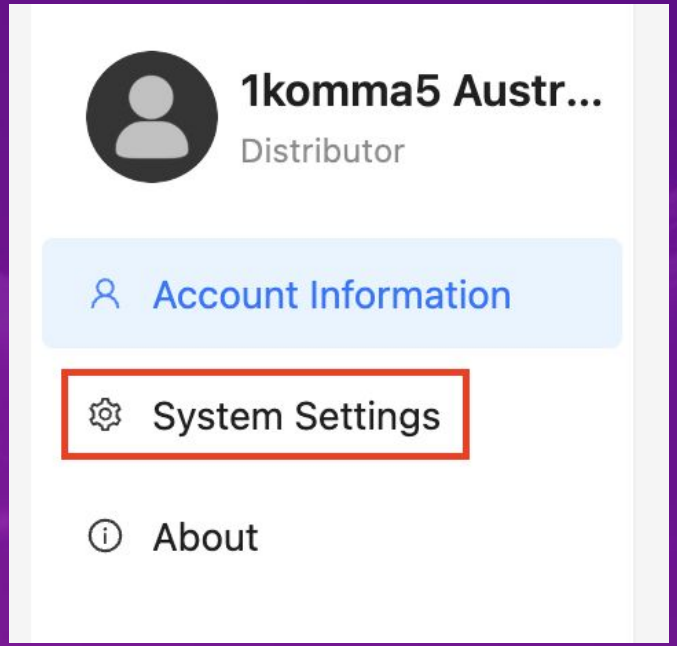
Step 1

Firstly, log into www.pv-hub.com/v2 using your set PVHub login. Once logged in, click on your name in the top right corner, then select 'Account Information'.



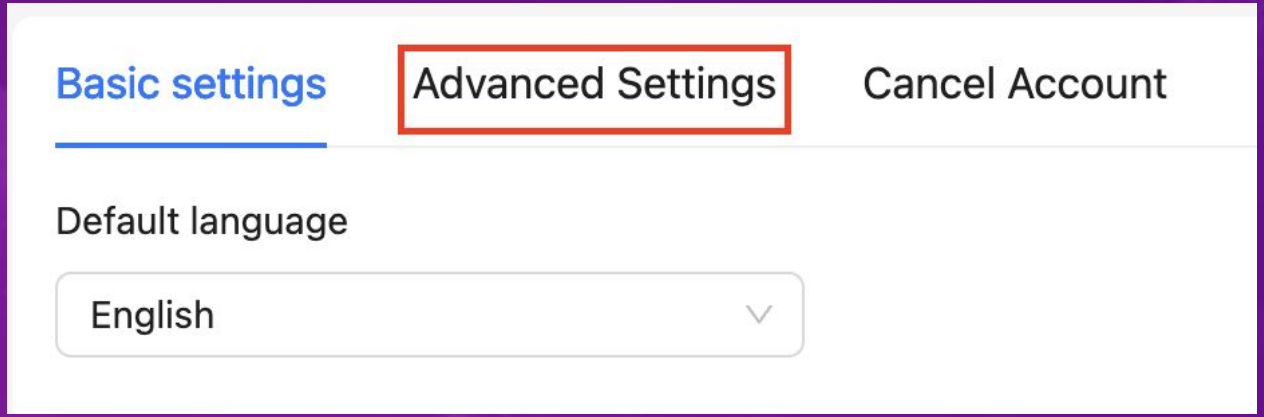
Step 2

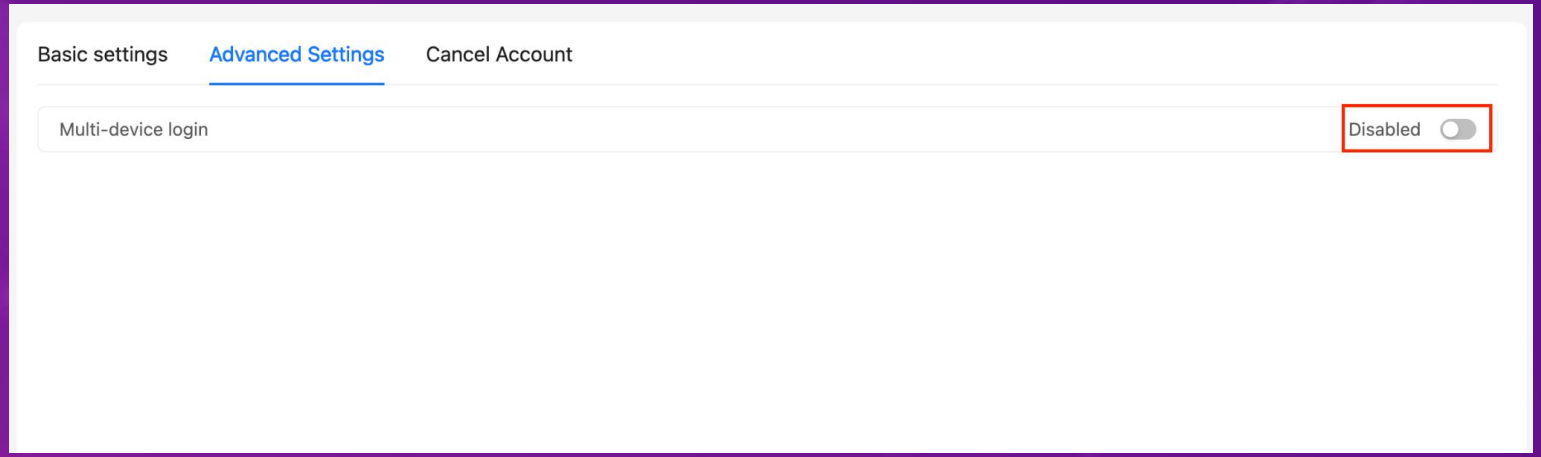
Once in Account Information, select ‘System Settings’ on the left of your screen.



Step 3

In the settings, select ‘Advanced Settings’ in the options at the top of your screen.



Step 4


In the ‘Advanced Settings’, you will be able to enable Multi-Device Login. This will allow you to log in to your portal with multiple devices.
